General Information

Name	Hiba Abulmoneim Almakki Mohammed	Department	computer sciences
Staff position	lecturer	Nationality	sudanese
Phone	9953	Email	haalmakki@nu.edu.sa
Specialization	computer sciences	Area of Specialization	Database

Education History

Certificate	Date	Country	University	Study Theme	Note
Bachelor(B.Sc.)	2004	Sudan	Sudan University of Science & Technology (SUST)	courses and research	
Master(M.Sc.)	2008	Sudan	Sudan University of Science & Technology (SUST)	courses and research	

Academic Titles

Title	Date	Country	University	Note
Lecturer	2008	Sudan	Sudan University of Science & Technology (SUST)	
Assistant Professor				
Associate Professor				

Teaching Courses

Course Name	Teaching Year	Note
Introduction to Computer Science (theoretical + practical)	During the period 2004 to 2008	Sudan University of Science and Technology , College of Computer Science and Information Technology
Programming Language using Pascal	During the period 2004 to 2008	Sudan University of Science

(theoretical + practical)		and Technology , College of Computer Science and Information Technology
Programming Language using Java (theoretical + practical)	During the period 2004 to 2008	Sudan University of Science and Technology , College of Computer Science and Information Technology
Numerical analysis (theoretical + practical)	During the period 2004 to 2008	Sudan University of Science and Technology , College of Computer Science and Information Technology
DataBase (Oracle) (practical)	During the period 2004 to 2008	Sudan University of Science and Technology , College of Computer Science and Information Technology
Database I (File managment) (theoretical + practical)	During the period 2004 to 2008	Sudan University of Science and Technology , College of Computer Science and Information Technology
Database II (theoretical)	During the period 2004 to 2008	Sudan University of Science and Technology , College of Computer Science and Information Technology
Programming Language I (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Programming Language II (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Internet Application (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Principle of Database (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Fundamental of information technology (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Object Oriented programming using Java (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Structure programming using C (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Data Structure (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Design and analysis of algorithms (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Systems design and analysis (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Operating Systems (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah

Software Engineering (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Web-based systems (theoretical + practical)	During my contract period	Najran University , College of Science and Arts in Sharourah
Graduation Project I	During my contract period	Najran University , College of Science and Arts in Sharourah
Graduation Project II	During my contract period	Najran University , College of Science and Arts in Sharourah

Administrative Positions

1. Coordinator of the Department of Computer Science - College of Arts in Sharourah - Najran University from 14/4/1441 until now
2. Coordinator of the Department of Computer Science - College of Arts and Sciences in Sharourah - Najran University from 12/23/1439 until 11/4/1440
3. Head of Computer Systems and Networks Department - College of Computer Science and Information Technology - Sudan University of Science and Technology from 2009 to 2012.
4. A member of the department council.
5. A member of the department's schedules committee.
6. A member of the College's Excuses Committee.
7. A member of the department's equivalency committee.
8. A member of the department's internal audit committee.
9. Head of the department's examination committee
10. Chairperson of the department's results committee.
11. Head of the department's complaints committee.
12. Member of the Teaching and Learning Committee of the Development and Quality Unit.
13. Student Activities Supervisor in the Department (Formerly)
14. Academic Advising Supervisor in the Department (Formerly)

Activities related to the quality of higher education

- Member of the Teaching and Learning Committee of the Development and Quality Unit 1441-1442
- Member of the department's quality committee and responsible for the fourth standard for the period 1436-1439

Participation in workshops (Trainer / Trainee)

Trainer : Presenting a course "The Latest Computer Applications" within the community service

Kingdom of Saudi Arabia
Ministry of Education
Najran University
College of Science and Arts
Sharourah

Training (Trainer / Trainee)

coach:

- o Presenting a meeting for the new students of the department entitled “Introductory meeting on developments - Welcome to the computer buds” in the academic year 1440-1441 AH

- o Supervising 9 activities and courses presented by the Computer Club in the academic year 1440-1441 AH

Trainee:

- o A number of training courses during the academic year 1439-1440 and 1440-1441 AH, which were held in the training workshop hall at the College of Science and Arts in Sharurah by the Skills Development Unit, as well as courses in the Saudi Digital Library platform:

Virtual Classroom Course Active Learning Applications Course Rubrics Course Creation of Refereed Scientific Journals in the Digital Environment Reference Management Using Mendeley Program Performance Indicators Course: A Tool for Measurement and Evaluation of Performance Opportunities and Challenges Introduction to ProQuest e-books platform Unified system course To evaluate faculty members - a course on innovative methods of enhancing in university education - a course on how to prepare learning outcomes - a course on preparing a course file.

- o A training course entitled "The role of the leaders of the scientific departments in achieving program accreditation 3-4-1442 AH

- o E-Course Design Quality Standards Course on 1-4-1442 AH

- o International Publishing Course for Scientific Research presented by the Skills Development Unit at the College in 1439 AH.

- o The Six Hats course within the activities of the Academic Development Forum at the College of Science and Arts in Sharurah in 1438 AH.

- o A course on how to use the Learning Outcomes Measurement Program, presented by the Development and Quality Unit, College of Science and Arts, Sharurah, 1438 AH.

- o A group of e-learning courses offered by the College of Science and Arts in Sharurah in the year 1436-1437 AH.

- o A course on how to prepare the annual report presented by the Development and Quality Unit at the College of Science and Arts in Sharurah in 1437 AH.

- o Learning Outcomes Measurement Course presented by the Development and Quality Unit at the College of Science and Arts in Sharurah in 1437 AH

o A number of electronic training courses offered through the Saudi Digital Library platform for the year 1440-1441 AH:

o Skills of using the JoVE base

o A course in latex for scientific publishing

Successful scientific methods in the field of scientific publishing

o Oxford Science Books Online Like You've Never Tested Before

o International Standards for Publication

o Scientific documentation of references

o Using indexing applications while writing scientific articles

o General definition of available resources from Emerald

o Quality Publishing with IEEE

o How to Search and use the AskZad database

o How to Search and use the ACM Digital Library

Supervision of extra-curricular activities

- Academic supervision
- Supervising student activities (formerly)

Scientific activities

Supervising a number of graduation projects

Books

- None

Languages

- Arabic language(it is Mother Language)
- English (the language of study at the bachelor's and master's levels)
