

No.	Title of the paper / book	Date of publication	Journal/publisher
1	Efficiency of amphoteric surfactants as flow improvers and pour point depressants, J.of Power and Engineering,1,90-94,2013	1,90-94,2013	J.of Power and Engineering
2	Novel terephthaloylthiourea cross-linked chitosan hydrogels as antibacterial and antifungal agents. International Journal of Biological Macromolecu. 57,111-117(2013)	. 57,111-117(2013)	International Journal of Biological Macromolecule.
3	Development of multifunctional additives for high quality Lube oil	1,84-89,2013	J.of Power and Engineering,
4	Development of Antioxidants Synthesized by Phase Transfer Catalysts for Lubricating Oil	, 2014, 4, 29-32	Journal of Surface Engineered Materials and Advanced Technology
